

Funcionalidad. Functionality.

Sistemas mecánicos con ausencia de mantenimiento, fácil limpieza y que pueden suponer un ahorro energético del 30%.

Mechanical systems with low maintenance, easy cleaning and in specific situations, energy savings over 30%.

Asistencia técnica. Technical Assistance.

La personalización de soluciones es una de nuestras fortalezas nos hace ser un compañero preferente en los proyectos de fachadas ventiladas.

Bespoke solutions is one of our strengths that makes us a suitable partner in ventilated façade projects.

Rehabilitación. Refurbishment.

Nuestros sistemas permiten a edificios antiguos adquirir un nuevo diseño exterior y reducir el impacto medioambiental con una mayor eficiencia energética.

Our systems are suitable for renovation of existing buildings improving the visual aspect and their energetic efficiency.

Cerámica antibacteriana. Antibacterial ceramic.

Active Plus es un tratamiento fotocatalítico que confiere a la fachada tres beneficios básico: antibacteriano, descontaminante y autolimpiante.

Active Plus is a photocatalytic product that acts as an active ingredient in our products with antibacterial, self-cleaning and decontaminating benefits.

GROUP

DOSSIER

Sistemas de fachada ventilada extrusionada / Extruded ventilated façade systems

Favemanc es una marca de Gresmanc Grupo / Favemanc is a trademark of Gresmanc Group

Diseño. Design.
En Favemanc disponemos de gran cantidad de formatos y piezas especiales, acabados y colores que incluyen la tecnología Inkjet.
Favemanc offers a wide range of formats, special pieces, finishes and colors including the inkjet technology.

Construcción sostenible. Sustainable construction.
Nuestros productos tienen un reducido impacto medioambiental en todo su ciclo de vida.
Our products have a low environmental impact throughout their whole cycle of life.
