La cromoterapia, un nuevo concepto de terapia de armonización de cuerpo y mente basada en estímulos energéticos generados a través de los colores.

Cada color nos transmite sensaciones diferentes, y por lo tanto tienen la capacidad de influir en nuestras emociones y por ende en nuestro estado de ánimo y bienestar psíquico y físico. Es lo que llamamos la psicología del color.

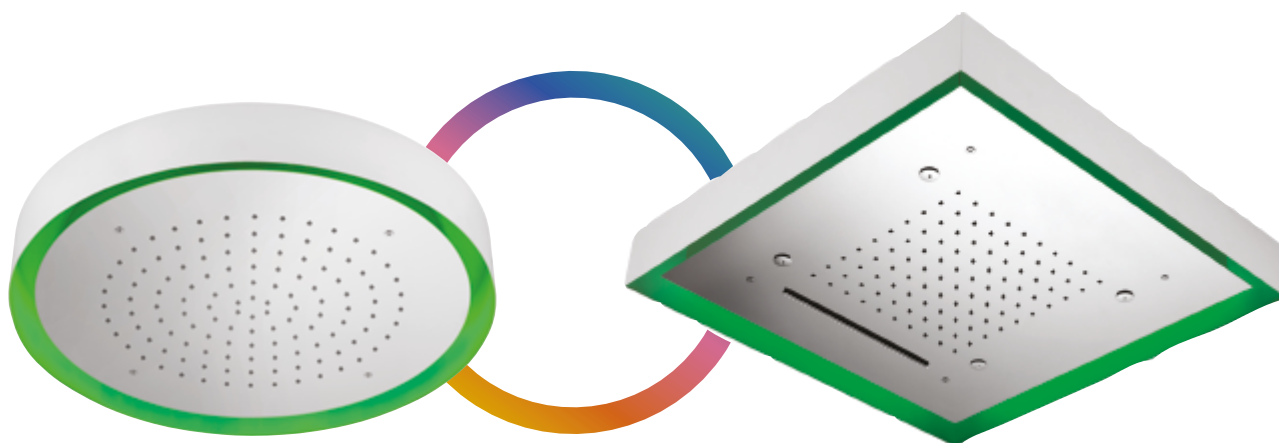

Incorporamos un novedoso sistema de luces en nuestros rociadores más sofisticados, disponibles en una amplia gama de tonalidades que podemos elegir durante nuestra sesión de cromoterapia en la ducha. Es importante el color que vamos a escoger según nuestros gustos y necesidades del momento, pues dependiendo de la gama de color que utilizemos, disfrutaremos de unos beneficios u otros.

Chromotherapy, a new concept of body and mind harmonization therapy based on energy stimuli generated through colors.

Each color transmits different sensations, and therefore have the ability to influence our emotions and therefore our mood and psychological and physical well-being. It is what we call the psychology of color.

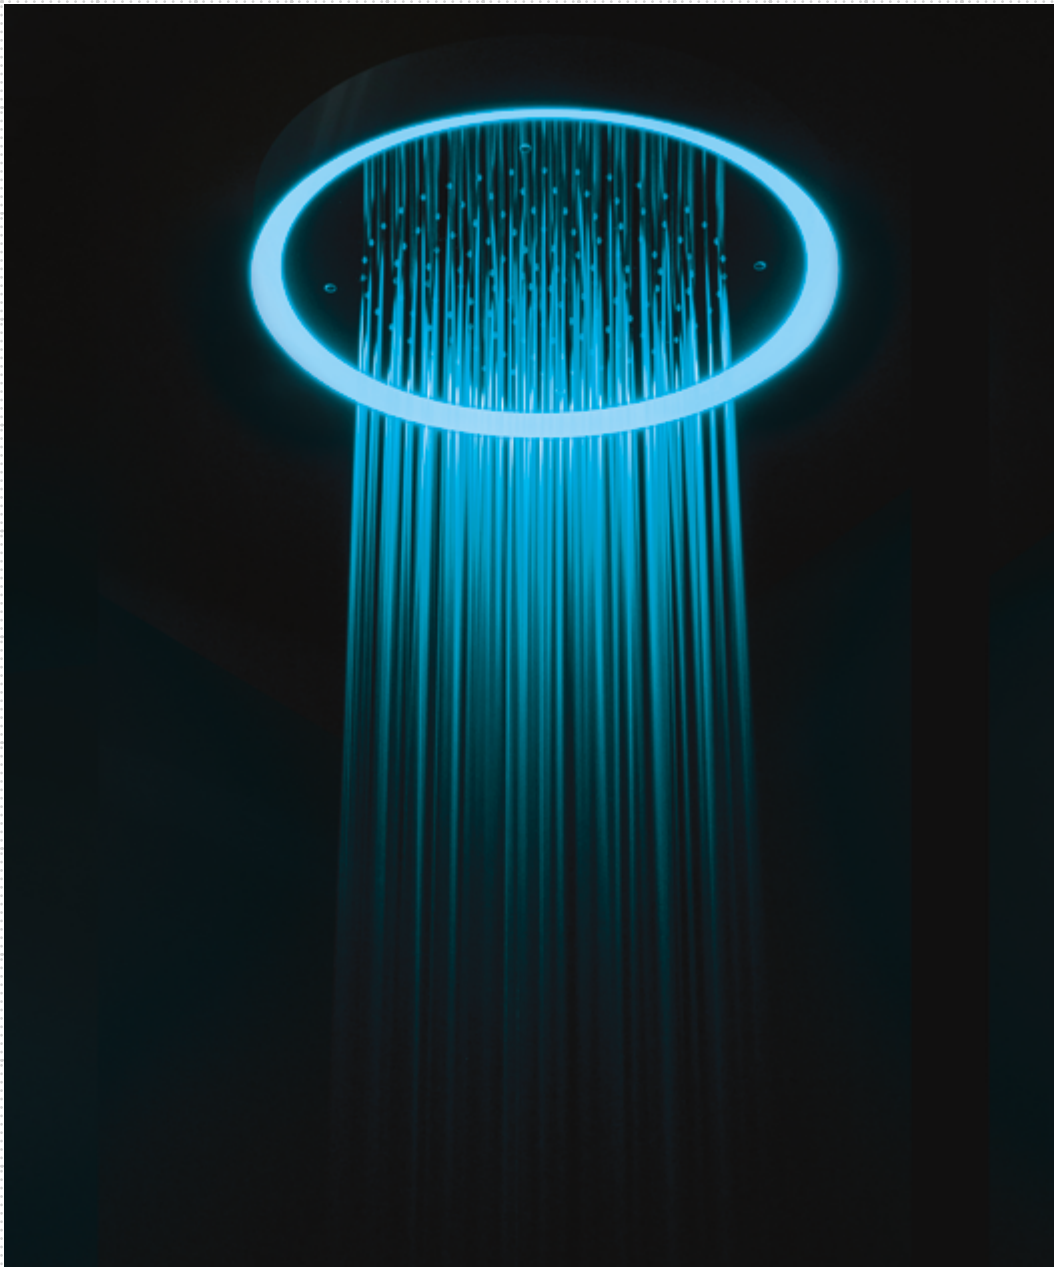

We incorporate a novel system of lights in our more sophisticated head showers, available in a wide range of shades that we can choose during our chromotherapy session in the shower.

It is important the color we are going to choose according to our needs, because depending on the range of color we use, we will enjoy some benefits or others.
