

KUATRO by Ramon Soler®: SIMPLY BEAUTIFUL

Ramon Soler® launches **Kuarto**, a counterpoint to the right-angled beauty of the **Kuatro** series.

The **Kuatro** series marked a high point in the use of simple, rounded forms. Now, destined to reach similar heights, **Kuarto** is born, a model that makes unique use of the right angle with the same natural, beautiful effect.

You can see the **Kuarto** in our catalogue, adorning both formal styles composed of straight-edged shapes (orange bathroom) and more cheery, youthful atmospheres in which circular shapes reign supreme (green bathroom).

In this way, then, **Kuarto** shows all its aesthetic versatility, harmonising with all kinds of atmospheres in which the décor is marked by sensitivity and care for detail.

Though chrome is the only finish available, **Kuarto** offers a host of possibilities, particularly for showers and baths, from simple versions to luxury showers and baths complete with jets, shower bars, ceiling shower arms, embedded pipes, and accessories, including stopcocks, siphons, elbow pipes, etc.

Prices from: 4701 Wash Basin mixer Kuarto (spout long 105mm)
