

HIDROTERAPIA HYDROTHERAPY

XI PREMIO NAN ARQUITECTURA Y CONSTRUCCIÓN 2017
XI NAN ARCHITECTURE AND CONSTRUCTION

Ramon Soler ha sido galardonado con el XI Premio Nan de Arquitectura y Construcción en la categoría Sanitarios, cocinas, grifería y accesorios, por nuestros Rociadores extrafinos de acero inoxidable.

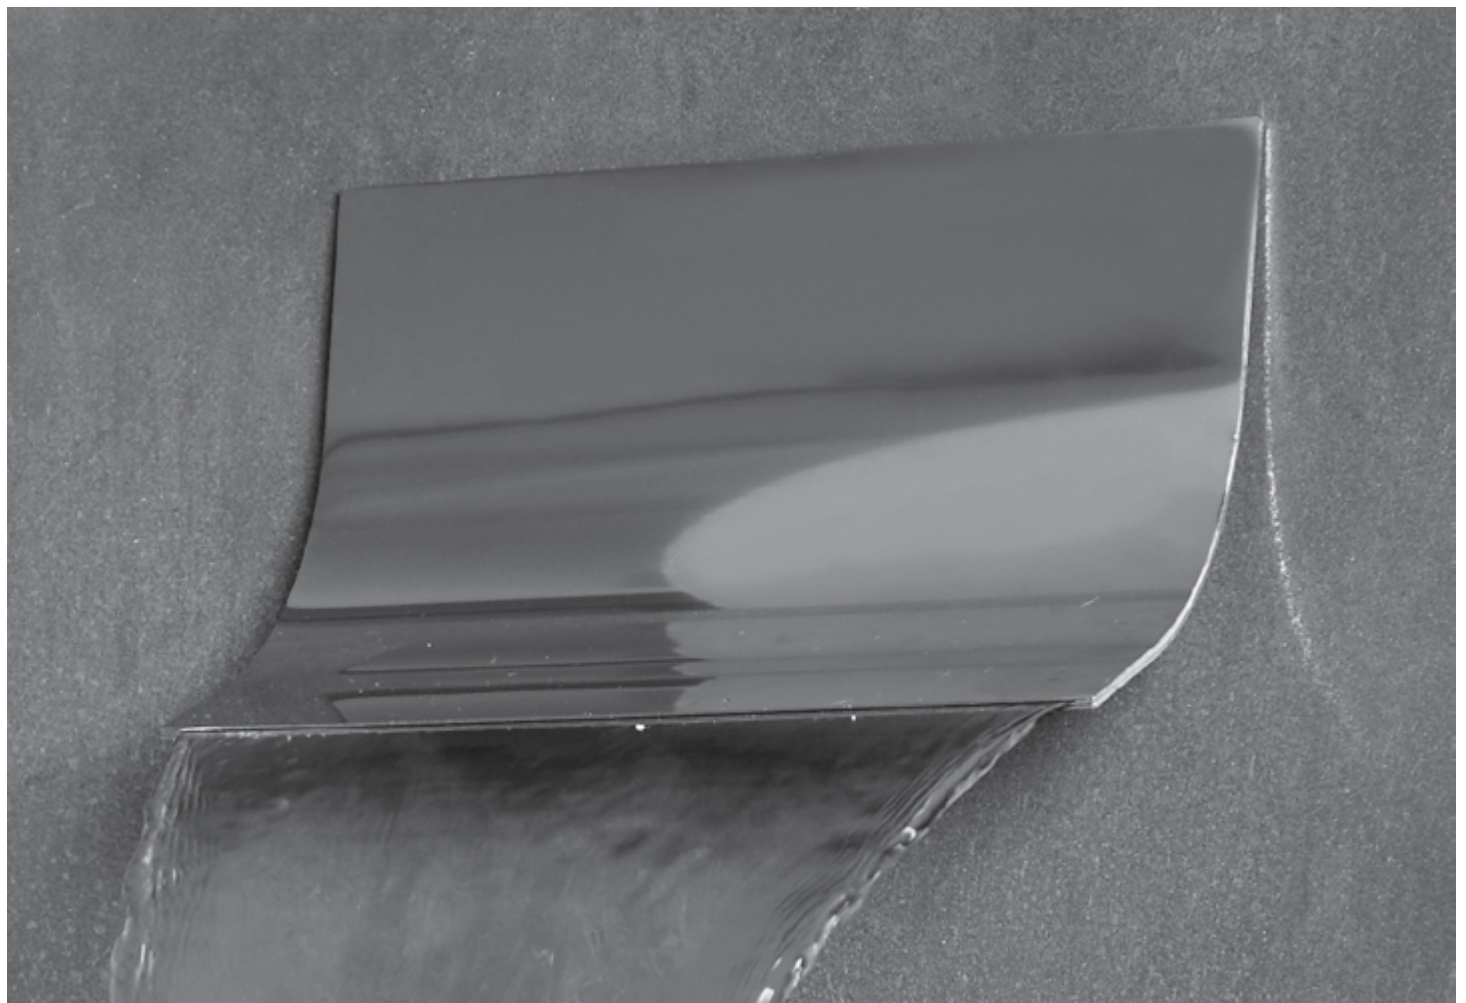

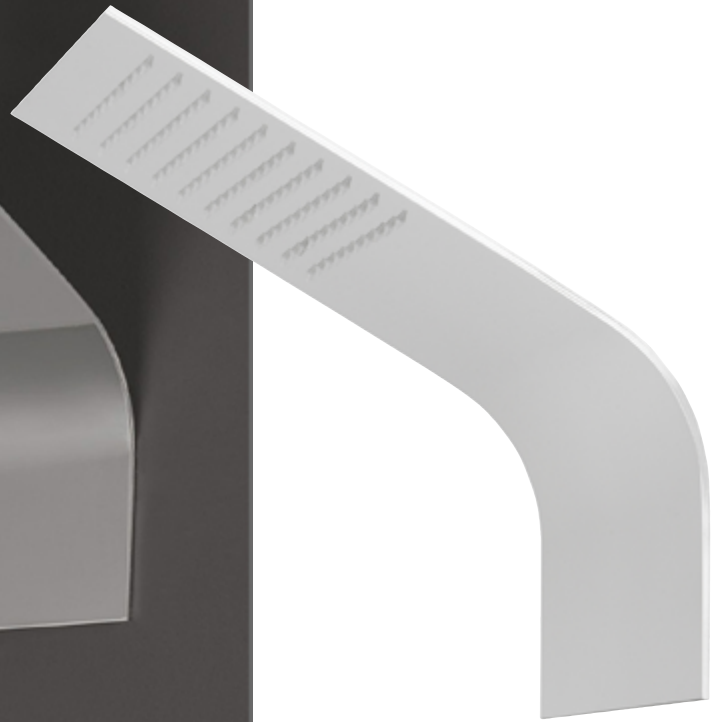

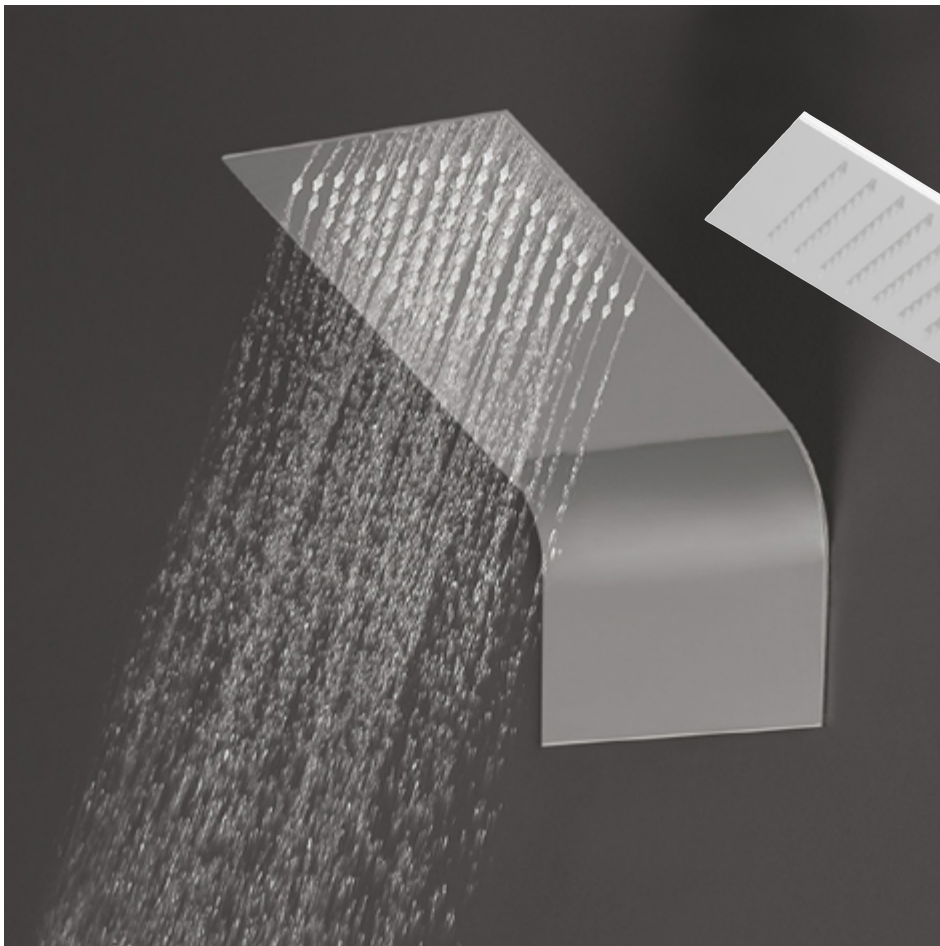

Ofrecer una ducha de diseño vanguardista y absolutamente innovadora, caracterizarse por ser rociadores de gran formato y tener un grosor extremadamente fino (2mm) y estar fabricados íntegramente en acero inoxidable, han convertido los Rociadores extrafinos de Ramon Soler en la grifería ganadora.

El certamen, que premia los mejores proyectos de arquitectura y materiales de construcción, contó con un jurado formado por reconocidos arquitectos nacionales, así como con responsables técnicos de las principales constructoras españolas.

Ramon Soler has been awarded with the XI Nan Architecture and Construction Award in the category Sanitary ware, kitchens, faucets and accessories, by our extra-fine stainless steel shower heads.

Offer a shower of avant-garde design and absolutely innovative, characterized by being large format shower heads and having an extremely thin thickness (2mm) and be made entirely in stainless steel, have turned Ramon Soler extra-fine shower heads into the winning faucet.

The contest, which awards the best architectural projects and construction materials, had a jury formed by recognized national architects, as well as with technical managers of the main Spanish construction companies.
